

Study Plan – 18 Week Plan (Intro Maths)

18 weeks with Introductory Mathematics Course (No Prior Assumed Knowledge) **NOTE:** this is an intensive course with content covering year 11 and 12

Students who are planning to complete a course within an 18 week timeframe will need to follow the below study plan.

- Student will need to complete the course as an online student within the online classroom
- Student need to spend a minimum of 3 to 4 hours a day on the course to ensure content knowledge is absorbed for final exam
- Student need to submit all work in the online classroom as email progress tests or posting slows the process and you will not complete in 18 weeks

Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Week 16	Week 17	Week 18
Module 1				Module 2				Module 3	Module 4				Module 5		Revision work		
Receive Materials Enrol into online course	Progress test 1	Progress test 2	Progress test 3	Revision work	Progress test 4	Progress test 5	Revision Work	Progress test 6	Progress test 7	Progress test 8	Progress test 9	Revision Work	Progress test 10	Revision work Apply for Final Exam	Specimen exam	Revision work	Final Exam

Title	Percent of Grade	<ul style="list-style-type: none"> • The 18 week timeframe does not account for any resubmission of work to meet eligibility requirements to sit the final exam
Progress tests	10%	
Final Exam	90%
